VI. Read the passage carefully and choose the correct answer by writing A, B, C or D. (1 point)

LEARNING ENGLISH

Every year students in many countries learn English. Some of these students are young people, others are teenagers. Many adults. Some learn at school, others study by themselves. A few learn English just by hearing the language in film, on television, in the office or among their friends. But not many are lucky enough to do that. Most of people must work hard to learn another language.

Many boys and girls learn English at school because it is one of their subjects. They study their own language, mathematics and English. In England, or America, or Australia, many boys and girls study their own language, which is English, and mathematics and another language, perhaps French, or German or Spanish.

Many adults learn English because it is useful for their work. Teenagers often learn English for their higher studies, because some of their books are in English at the college or university. Other people learn English because they want to read newspapers or magazines in English.

1. According to the writer
   A. Only adults learn English.
   B. No children like learning English.
   C. English is useful only to teenagers.
   D. English is popular in much of the world.
